

# FÖRDER KREIS 92

# Impulses. Networking. Dialogue.

**A strong Switzerland requires a strong relationship with Europe. The Europa Forum Lucerne is the discussion and ideas platform for connecting business, politics, science and civil society.**

The Europa Forum looks back on a 25-year success story of constructive dialogue. With our vision "Impulses for a strong Switzerland and a strong Europe", we want to shape relationships even more intensively and broadly, promote and drive dialogue, provide impetus, inspiration and guidance, and connect interests, people, perspectives and generations. In doing so, we are guided by an annual theme, which culminates in the Annual Meeting in the autumn. The international Steering Committee and the national Executive Committee form the central basis of the Europa Forum Lucerne. We are proud of the support we provide.
